TEAM TRAINING
$450

This 2-hour course will teach participants (up to 3) the technical skills necessary to manage a Website for their company. Learn quickly what you need to do to keep your website protected and keep your content updated. This course will help you avoid the most common mistakes made with Small Business Websites and give you the skills you need to take control of your Website.

This course is delivered online, with scheduled formal class times.

*Squarespace design subject to a surcharge due to hosting price variation.
**Revisions are free of charge if due to MIH error, otherwise revisions outside of allowed limits will be charged at the hourly rate of $30/hour.
